

# Magnetic Steel Sheet Separator

**VERTEX®**

## APPLICATION

- Suitable for separating a pile of thin iron plates or for chips separation.

## FEATURES

- By the principle of mutual repulsion between same magnetic poles, this item enable easy separation of thin iron plates.
- Also useful for chips separation on the small conveyer belt.

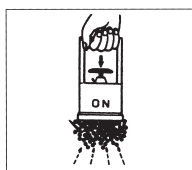

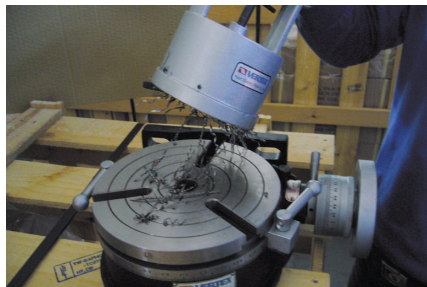

| ORDER NO. | DIMENSION |     |    |    | NET WEIGHT KGS | CODE NO. |

Unit:mm

# Magnetic Chip Collector

Magnet turned ON  
attracts Powerfully.

Magnet turned OFF  
Releases by Plling  
Up Lever.

## APPLICATION

- You can use it in a wide range of fields for machining, casting food chemical processing, etc.
- Most suitable for collecting iron pieces scattered on the floor or mixed in the medium, for putting in order, and holding the work at the buffing and other types of operations. This is conveniently applied to uses in selecting and collecting iron powder and granule materials; even for house-hold and educational uses.

## FEATURES

- Magnetic force is turned ON/OFF just by operating the level lightly with a hand.
- Powerful magnet ensure very strong adsorptive force with wide attractive face.

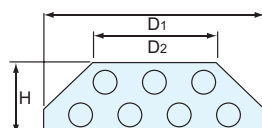

| ORDER NO. | Dimension | Holding Mass | Weight kgs | CODE NO. |

# Magnetic Separating Bar Unit

VMS-9B

VMS-7B

BAR TUBE

Magnetic Separating Bar Unit made with Powerful magnet. it is essential to Increase operation efficiency in removing on substances from powder and grain Materials, as in the industries of chemical, various and plastic...etc.

A wide range of applications and easy to mount.

## TEMPERATURE LIMIT 60°C
